

WORK IN A CBO? WE WOULD LOVE TO TALK WITH YOU

ImPaCT RESEARCH PROGRAM

Improving Palliative Care Together (ImPaCT) aims to improve care for people with serious illnesses, such as dementia and cancer, who speak a language other than English. Our goal is to develop care approaches that reflect the cultural and language needs of patients and families.

WHO WE'RE LOOKING FOR

- Leaders and staff from community-based organizations in Washington State that:
- ✓ Support older adults with dementia or adults with cancer
 - ✓ Serve Chinese, Spanish, Vietnamese, or Somali-speaking communities

HOW TO PARTICIPATE

- Get in touch! (phone/email below)
- Complete a 45-60 minute study interview (*over Zoom or in-person at a preferred location*)
- Receive \$50 gift card as a thank you
